Much is being written about the portal of 8:8, which is Aug 8's Leo alignment with the Dog Star Sirius. The star Regulus is also aligned with Leo during Leo time. This year, the new Moon in Leo was yesterday, Aug 8, adding powerful energy pouring to the earth and through your chart, meaning through your life. Adding to the excitement is the annual Perseid shower which, no matter where you live worldwide, the 2021 Perseid meteor shower will probably produce the greatest number of meteors on the mornings of August 11, 12 and 13. What does this mean for you? Everyone, including you, has Leo somewhere in your natal horoscope. Leo energy is strong, generous, creative and can be dramatic. Leo is the life force in the zodiac, because it is "ruled by" the Sun in the sky, which gives life to our planet. Leo is the ruler of or patron planet of children, the result of the joining of the life forces of the parents. Being the life force, Leo is very generous, shining their grace upon everyone. For you? You can choose to be generous and symbolically give life to those around you. For those of you who know your horoscope, you may choose to radiate Leo qualities to the houses, or areas of life, in your horoscope. For a short consultation to identify this in your horoscope, contact Patty. [Go here for a description of the Sun in Leo with all the signs.](#)

There are now four retrograde planets in the sky: Pluto in Capricorn, Neptune in Pisces, Saturn and Jupiter both in Aquarius. Retrograde planets ask us review those energies and if needed, refocus them. Pluto continues the transformation (tearing down to rebuild in a new form) of previously stable entities, Neptune either furthers unearthly discoveries or reveals what had been hidden. Both Saturn and Jupiter ask to "fix" what was not fixed in the first wave of the pandemic.

These predictions are very general and may not fit everyone. Each horoscope is unique. A personal reading using your specific birth information is uncannily accurate and very helpful. [Contact Patty for your reading.](#)

Leo time is now! You have Leo somewhere in your chart, meaning somewhere in your life. The qualities to express are generosity, pride in things well done, encouragement of creativity, especially in children. Virtue to develop is a little humility. Control or management issues are the **theme of the week**, meaning stubborn desire to have one's one way. Diplomacy and graciousness symbolized by Gemini and Libra can be a great help this week.

The USA (using the Sibley chart) continues the Neptune opposition, indicating some things and people disappearing or leaving the life of the country, but with spiritual understandings and application of compassion. I just finished my Neptune opposition, with people leaving my life, some dying in the pandemic, and for other non-personal reasons. For the USA this may mean some foreign entities no longer in the USA life or activities. This can be seen with our leaving Afghanistan. The humanitarian expression of this is our bringing those who helped us there into this country, expediting the paperwork so they can be safe. Neptune also is the patron planet of oil and gas, and we are seeing a fairly rapid transition to electric vehicles.
